TUSHAR LACHMAN

Final-year Computer Science · RMIT Melbourne

Melbourne, VIC · +61 413 643 703
Email tusharbudhrani@gmail.com · **Portfolio** tusharlachman.dev
LinkedIn tusharlachman · **GitHub** TusharLachman25

PROFESSIONAL SUMMARY

Builds and ships production software end to end: a medical practice platform built, sold and supported, running a Jakarta family practice of 1,000+ patients, plus five more across web, mobile and native Android. Seeking a summer internship (Nov 2026 – Feb 2027) or a graduate role from mid-2027, open to any technical role.

Work rights: Student visa (subclass 500) — unrestricted hours during course breaks, 48 hours per fortnight in session; eligible for a Temporary Graduate visa (subclass 485) from August 2027.

EDUCATION

Bachelor of Computer Science — Minor in AI & Machine Learning, RMIT University Expected July 2027

National High Jakarta School, Jakarta — Cambridge IGCSE, AS Level and A Level Completed April 2023

EXPERIENCE

Independent Software Developer · Dr Varkha's Practice, Jakarta June 2026 – Present
Sole developer of the platform below, on a paid monthly subscription: design, build, deploy and support.

Information Systems Intern · Makmur Jaya Abadi, Jakarta August 2023 – January 2024
Digitised accounting records into Excel and Google Sheets, automating repetitive entry with formulas.

Part-Time Medical Assistant · Dr Varkha's Teleconsultations, Jakarta June 2020 – April 2023
Digitised patient records and compiled laboratory and x-ray reports — the job the platform below replaced.

PROJECTS

Medical Practice Management Platform June 2026 – Present
React · TypeScript · Supabase · Deno · Capacitor · Twilio · Claude API — tusharlachman.dev/work/medical

- Runs the day for a practice of 1,000+ patients — bookings, records, insurer claims, bilingual WhatsApp — on a React dashboard and two Android apps over 89 Deno edge functions and 1,975 unit tests.
- Built two Claude agents on records de-identified to a patient number: a 15-tool WhatsApp agent patients book and pay through, gated in code on their yes, and a 40-tool assistant that proposes and never commits.
- Audited the live database using only the anon key shipped in the client bundle: eleven tables still answered, because row-level security sat switched off beneath correct-looking policies. Closed with idempotent migrations.

FitScroll — Earn-Your-Screen-Time Android App August 2026
Kotlin · Jetpack Compose · CameraX · ML Kit · Accessibility Services — github.com/TusharLachman25/FitScroll

- The camera counts push-ups on-device, banks each rep as a minute of screen time, and locks the apps you pick at zero. Minutes expire 24 hours after they are earned.
- A rep needs the shoulders to travel a fraction of the user's own shoulder-to-hip length, not just the right elbow angles — otherwise standing up and curling your arms passes every gate. 125 unit tests.

Locked In — Social Fitness App April – May 2026
React Native (Expo) · TypeScript · Supabase · Gemini API · EAS Build — github.com/TusharLachman25/Locked-In

- Squad workout tracker in daily use, shipped as an Android APK; Gemini reads a smartwatch screenshot.

Other Projects 2026

- **Jarvis** · Next.js 16, Claude API — tasks, calendar, health and money in one dashboard on Google OAuth.
- **Kitchen OS** · Python, Streamlit, Gemini — pantry, recipe and nutrition tracker with a chat assistant.
- **Colon-tissue CNN** · PyTorch — 20,280 histology patches at 0.852 macro-F1, split by patient.

SKILLS

Languages	Python, TypeScript, JavaScript, Kotlin, Java, C, C++, SQL
Frameworks	React, React Native (Expo), Next.js, Node.js, Flask, Streamlit, Tailwind CSS, Capacitor
Mobile	Android (Kotlin, Jetpack Compose), CameraX, ML Kit pose detection, accessibility services
Cloud & Data	AWS (EC2, ECS, Lambda, S3, DynamoDB), Docker, PostgreSQL, Supabase, REST APIs, OAuth 2.0
AI & Practice	Claude API (tool use), Google Gemini, PyTorch, scikit-learn; Vitest, pytest, JUnit, CI
Volunteering	The Care Club — food and medical care for families in need, every 2–4 weeks.
Languages	English (C2) · Bahasa Indonesia (C1) · Hindi and Mandarin (beginner)
